SPOTLIGHT ON AN MFI IN THE PORTFOLIO

AML Finance Limited ("AML") is a Tanzanian Tier II Microfinance Service Provider, incorporated in April 2010 under the Microfinance Act and supervised by the Bank of Tanzania. The institution specializes in SME financing, with a portfolio concentrated in private schools, trade, and contractor segments. From its single branch in Dar es Salaam, AML's 56 staff currently serve 448 active borrowers. AML plays a critical role by providing SMEs, often unable to access credit from commercial banks due to their size, informality, or short term funding needs, with timely working capital loans. Its products, with tenors of up to 15 months and disbursement turnaround as fast as 5 days for new clients, help businesses bridge liquidity gaps. In doing so, it complements traditional banks and strengthens access to finance for underserved SMEs.
